

Year 9 Stationery List

2012

Stationery

The following list identifies all of the stationery requirements that **year 9** students at Pakuranga College must buy before the start of school. **All items are compulsory.**

The whole list has been put together as a single pack which you can buy online at the Office Max (www.myschool.co.nz). Alternatively you can buy the stationery at another retailer.

Please note that three items are subject workbooks and can be paid for through Office Max or at the college office. They have been shaded and have the letters **PC** in front of them, as follows:

PC	<input type="checkbox"/>	1	Workbook
-----------	--------------------------	----------	-----------------

When you pay for these items, make sure you get a receipt from Office Max or the college. Your child must take this receipt to the appropriate classes when school starts. The teacher will then issue the appropriate items to students.

Digital Students

Students in the digital class should buy the same list, with two exceptions:

- students will be enrolled in a maths website (Mathsbuddy), rather than receive a workbook. The cost of the website subscription is the same as the cost of the printed workbook.
- students will receive a digital copy of the Health & PE workbook, and so do not need to buy the print version
- students may use their software (apps) on their computer/iPad as a calculator in Maths classes, but will need a calculator for test situations. We recommend purchasing the FX82 calculator.

School Donation

You can now pay the school donation online at the Office Max website. Once paid there, Office Max will notify the college and we will update your account.

If you pay for items on the Office Max website OR at the college office ... make sure you keep a SEPARATE receipt for each child.

Students receiving items from the college (marked PC in the list below) MUST HAVE A RECEIPT to show proof of payment.

Year 9 Pack

- This list contains all of the items needed for the subjects that **ALL** students will take in Year 9, i.e. core subjects plus technology subjects.
- The items for each subject are stationery items that students need over and above the general items.
- This may be purchased online at Office Max (www.myschool.co.nz) as a single item. The online pack has removed any double-ups of stationery items (e.g. glue sticks) between subjects.

<i>subject</i>	<i>quantity</i>	<i>item</i>	<i>subject code</i>
9 English			ENG

- | | | |
|--------------------------|---|--------------------------------|
| <input type="checkbox"/> | 1 | 2B4 Hardcover Book |

| <input type="checkbox"/> | 1 | Eraser |

Year 9 Option Subjects

Stationery for option classes will be arranged in class after school has started. You do not need to organise this before the start of school.
