

## International Fee Paying Students

*Hello, my name is Mudita Gangaketu. I am from Thailand.*

I can remember my first day at school (the orientation day). My friend Verena and I lost our way from the hall after the school opening ceremony had finished. It was so funny that we couldn't find our way around, but we soon got used to it.

Pakuranga College is such a lovely place for us international Students. We have made a lot of friends from many different places and everyone helps us when we need assistance.

Being here is one of the best experiences ever.
