

Pakuranga College BYOD 2015

Recommended Applications / Programs for your device

Year 9 students commencing school at Pakuranga College in 2015 will be expected to bring one of the recommended digital devices to aid in their learning. This guide provides you with a list of applications and programs that will support your child's learning and ensure they are able to use their digital device for educational purposes.

This guide provides users with a number of options for various functions (presenting work, sourcing information, and basic utilities). Please discuss these options with your student and ensure that their device has the required functions ready for the first day of school.
